Single tickets

If you only travel with us occasionally, our single tickets are the smartest choice for you.

Single ticket

For travel on a single ticket, the travel app is the most convenient option. It also acts as your travel document for the journey. If you travel using a travel card, it is your travel document and you need to keep it with you throughout the journey.

You can buy the ticket using the app, from a ticket machine, in Mitt konto (My Account), from a ticket retailer, at the Customer Centre or on board the bus.

The price of a single ticket depends on the number of zones and the age of the passenger. A single price applies for journeys on urban services, equivalent to one zone. A single ticket allows free bus travel in both the departure and the arrival zone. Accompanying children under the age of 7 travel free of charge with a paying passenger.
