POWERCAP[®] ACTIVE IP[™]

AVOID FACEFIT TESTING

POWERCAP[®]
Active[™]

POWERED AIR

No breathing resistance
and no misting of the visor

A1+ BUMPCAP PROTECTION

Bumpcap passes the stricter A1+ version
of the EN812

EYE & FACE IMPACT PROTECTION

Ideal for working in environments where there is a
danger of flying particles

POWERCAP® ACTIVE IP™

POWERCAP®
Active™

PowerCap® Active™ is a lightweight positive pressure respirator, designed to protect the user from dust and most airborne particulate pollutants to EN12949 TH1P. A lightweight and ergonomic solution, able to work efficiently in very dusty environments such as woodworking, avian environments and farms, food industry etc.

1 POWERED AIR

Protection to EN12949 TH1P gives a cooling, comfortable supply of filtered air at 160 litres per minute meaning no breathing resistance and no misting of the visor.

2 BUMPCAP

Uses the HardCap A1+™ technology (IP version only), the bumpcap passes the stricter A1+ version of the EN812. The cap is also removable and machine washable.

3 IMPACT PROTECTION

Eye and face impact protection to EN166 1B (IP version only). Ideal for working in environments where there is a danger of flying particles - Peel off covers available.

4 CHARGING DOCK

Each battery lasts 8 hours, one can be charged whilst the other is in use. The battery can also be charged whilst still attached to the cap, and the whole unit can be conveniently sat in the charging dock, ideal for overnight charging.
