

Assembly

Instructions

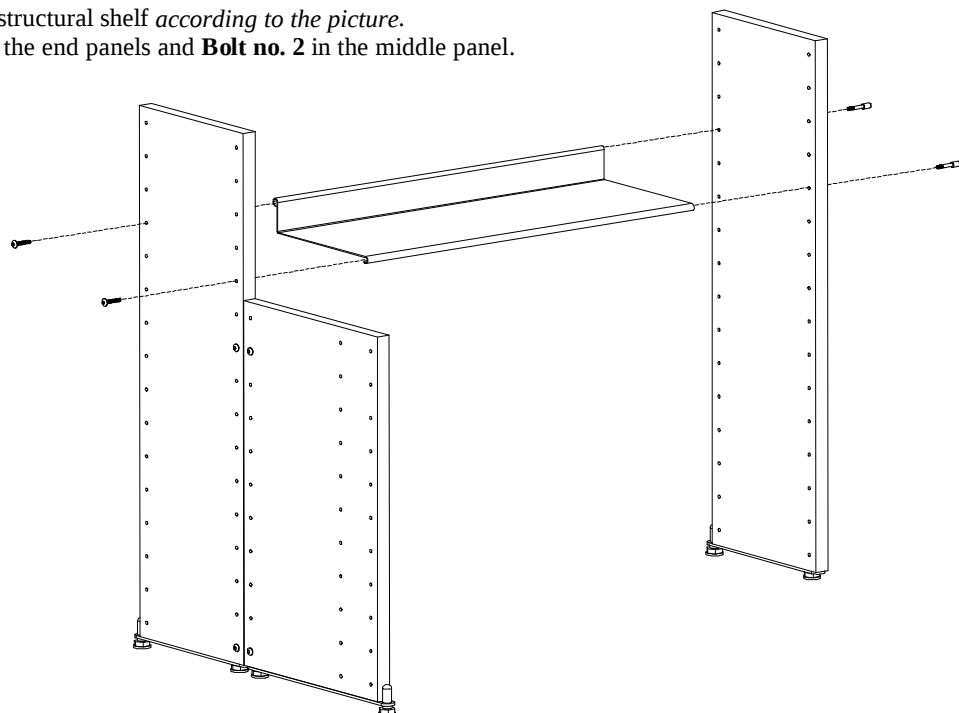

LITTBUS DESK

1.

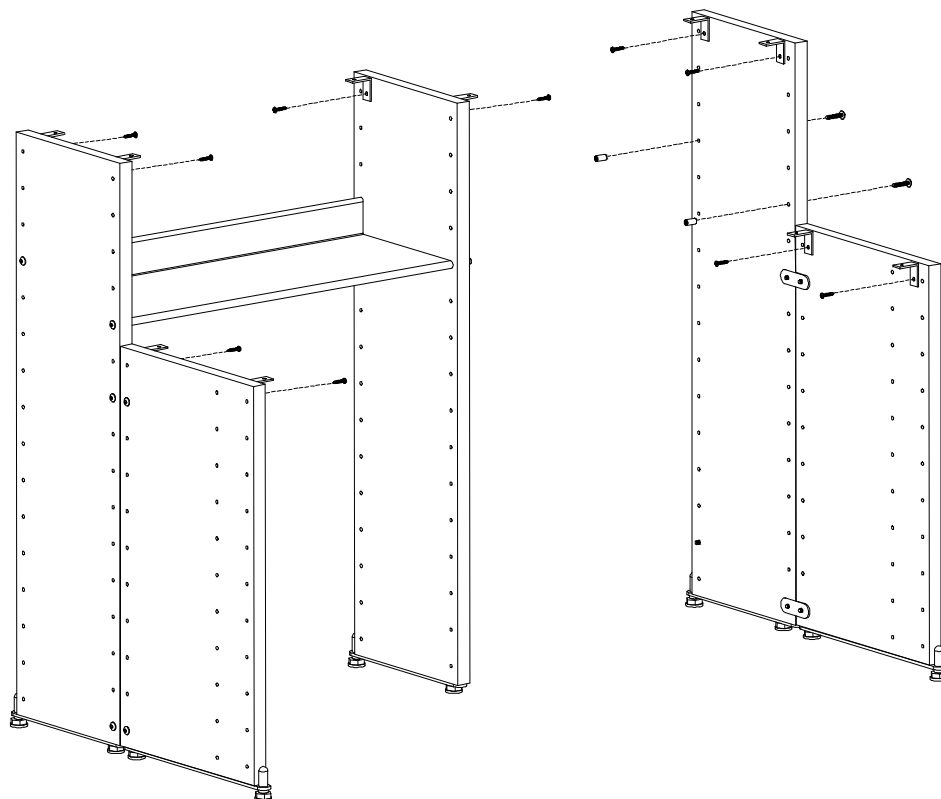

First assembly the structural shelf *according to the picture*.

Use **screw no. 1** in the end panels and **Bolt no. 2** in the middle panel.

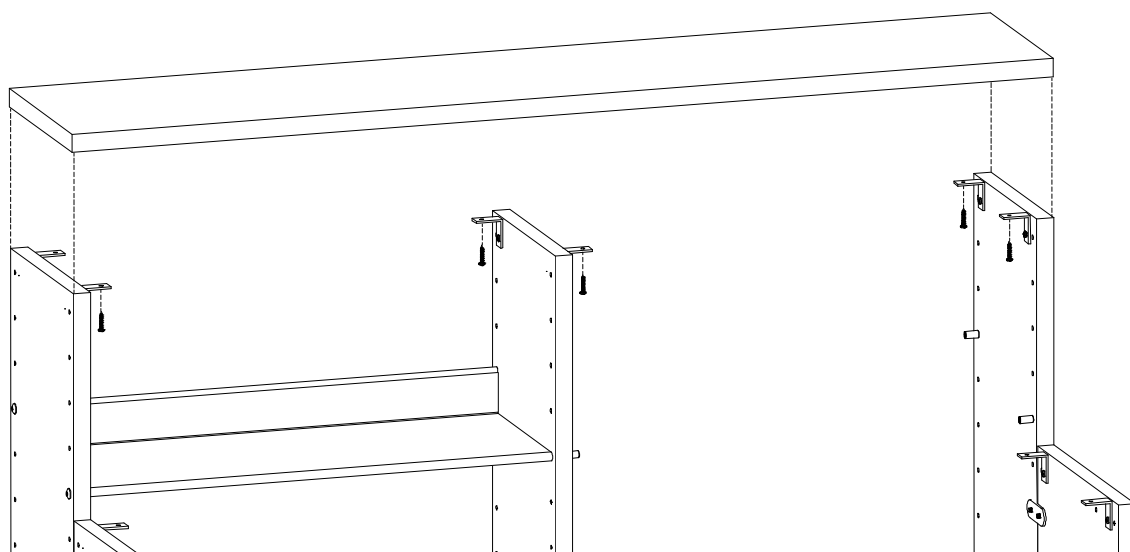

2.

Assembly the angles with **screw no. 13** so the upper side will be 1 – 2 mm under the panels top.
Also prepare with **screw no. 1** and **socket no. 3** in the corresponding end panel for the other shelfplane.

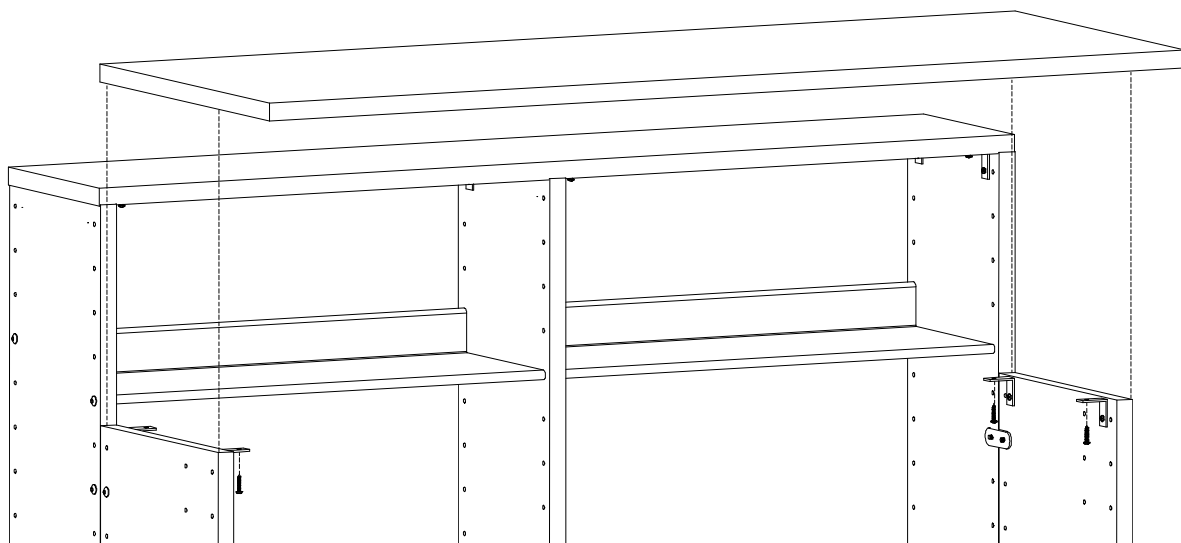

3.

Fix the top with the angles.
Use **screw no. 13**.

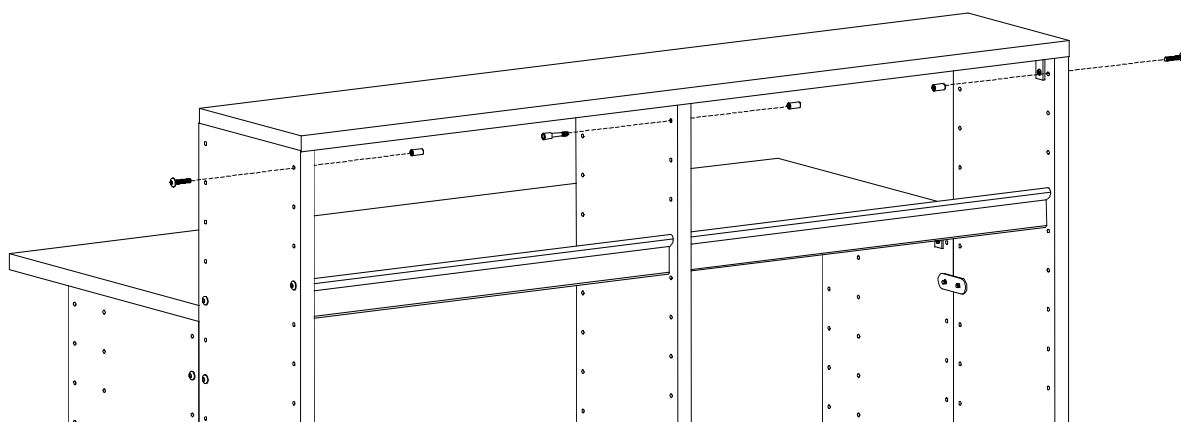

4.

Place the other shelf on the sockets as been prepared prior.
Assembly the writing top on the lower panels in the same way as the top.

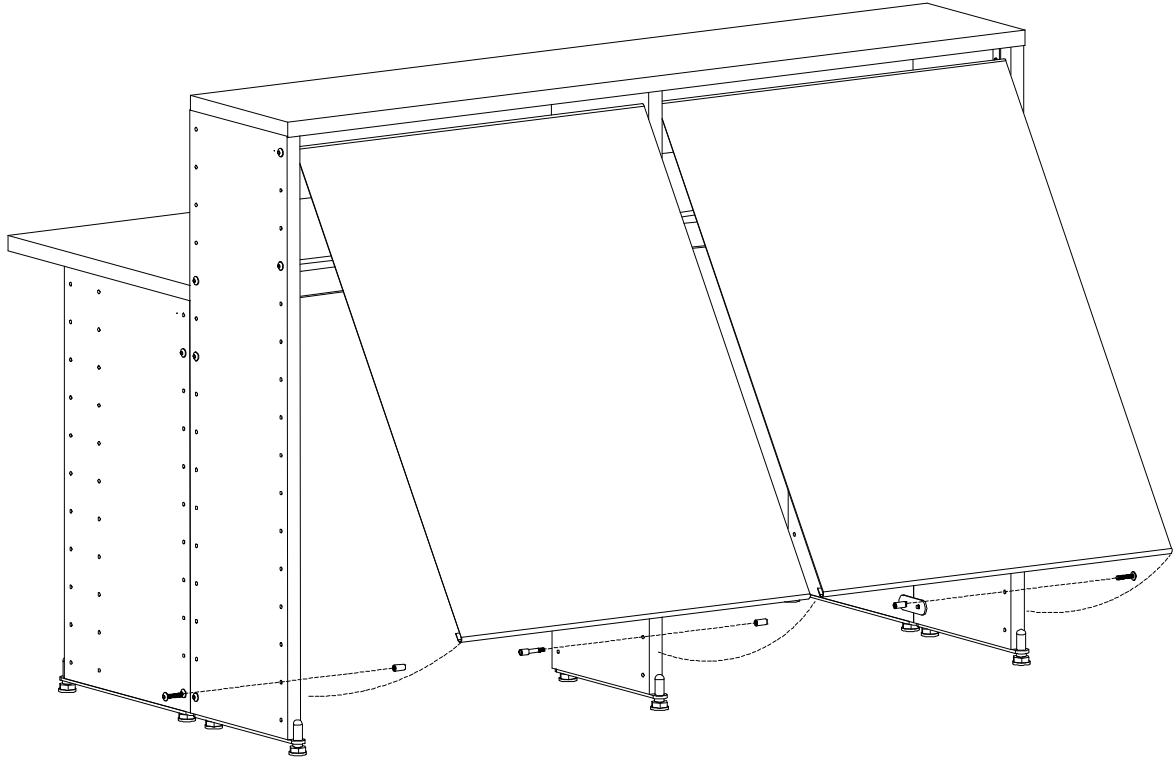

5.

Assembly **socket no. 3** with **screw no. 1** in the holes at the top of the end panels, **bolt no. 2** and **socket no. 3** will be used in the middle.

6.

Hang the fronts on the upper socket.
Fix the fronts lower part in the same way as the upper.

7.

The desk is finished and should now according to the picture.
