

Assembly

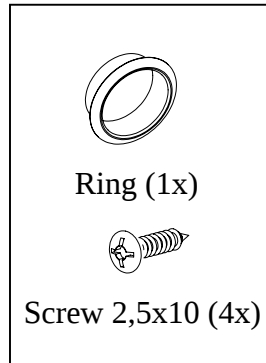

Instructions

LITTBUS Lock

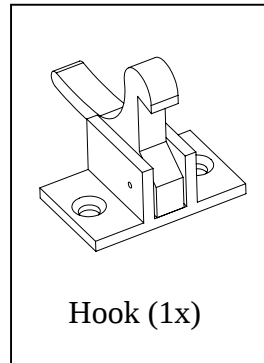

Lock (1x)

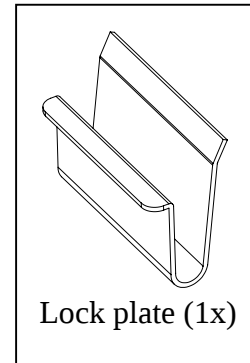

Ring (1x)

Screw 2,5x10 (4x)

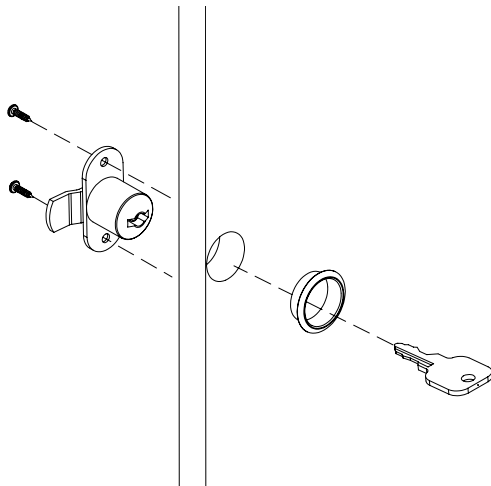

Hook (1x)

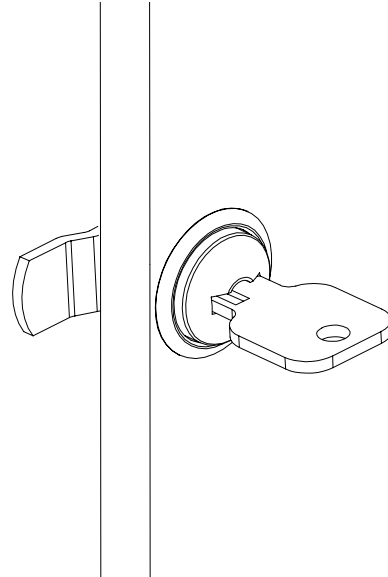

Lock plate (1x)

1.

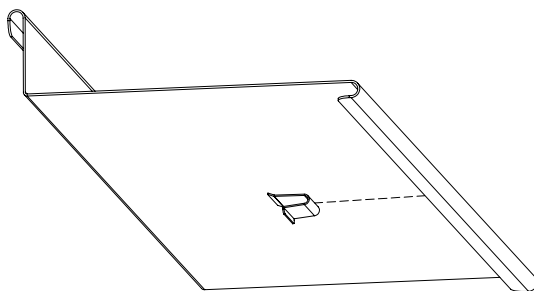

Assembly the lock so the bolt will fix the ring in the hole.

2.

3.

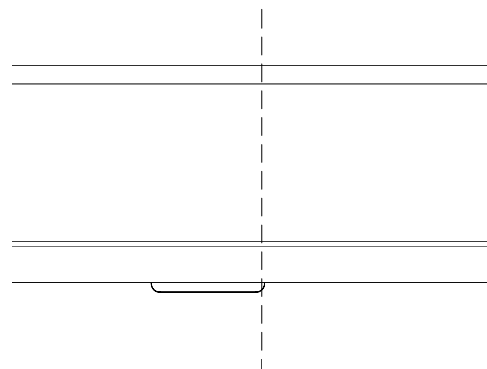

Fix the lock plate in the front, slightly displaced from the center.
(In that direction the door with hook is assembled).

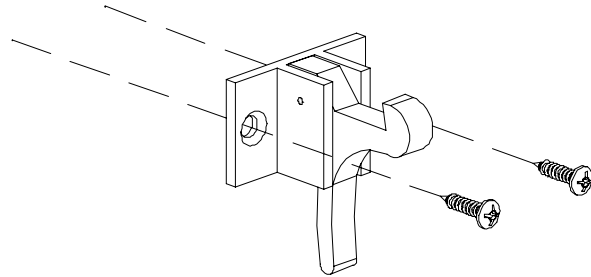

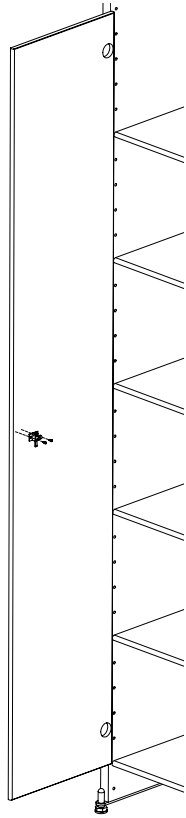

4.

(Frontview)

Center

5.

Assembly the hook so it will, *(when the door is closed)* hook on the lock plate.
(See picture 6).

6.
