

# MagniLink One

1/2 cup packed  
1/2 teaspoon ba  
6 tablespoons u  
3/4 cup graham

# For a better everyday life!

The foldable MagniLink One is easy to use with high image quality and user-friendly operation. It's the elemental video magnifier that really exceed expectations.

## Easy to use

The control panel with tactile buttons is very easy to operate – a few buttons are all that you need to improve your everyday life! It is also easy to fold up and down the unit and it can easily be stowed away or brought along on a trip.

With MagniLink One you can continue solving crosswords, doing needlework and reading even when your vision has deteriorated.

## Premium materials

The high quality camera (Full HD), electronics and monitor provide an outstanding picture quality. The premium materials, details and finish ensure that the unit is as stable as it is durable. MagniLink One is designed both to look and feel good.

## Low-vision adapted monitor

The MagniLink One's 17" monitor is low vision adapted and offers an anti-glare surface, crystal clear sharpness and high contrast.

## Convenient reading table

You can choose your MagniLink One with or without integrated reading table. The reading table is stable yet thin, has friction brakes and is a perfect tool when you move documents while reading, especially at high magnification. Observe that the reading table is factory-installed and needs to be ordered from the start.

Contact us  
and we will answer  
your questions and  
assist with your  
order!
