ACTIONS

Everything is good!

CONTROL

Jets   Jets 2   Blower   Lights
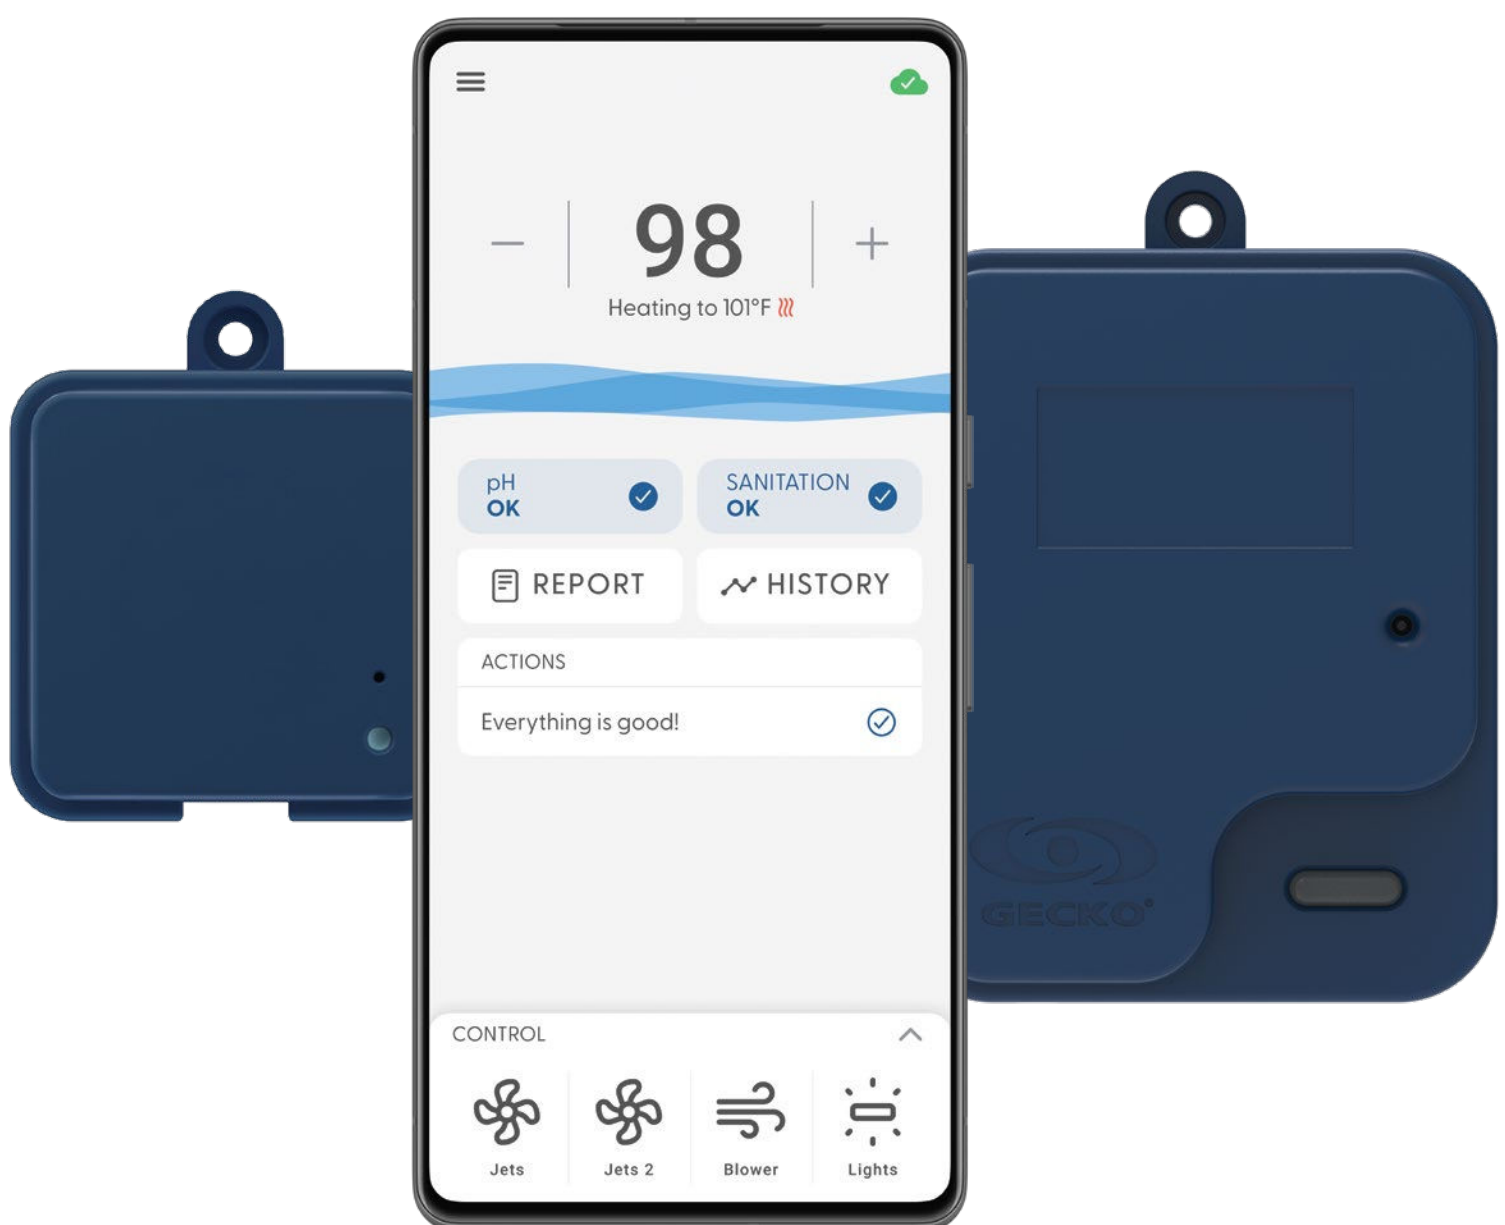

Mobile remote control

Turn your smartphone into a spa controller to adjust the temperature without walking to the spa.

Continuous improvement

Stay ahead with regular system updates tailored to new products, ensuring your spa feels refreshed with every release.
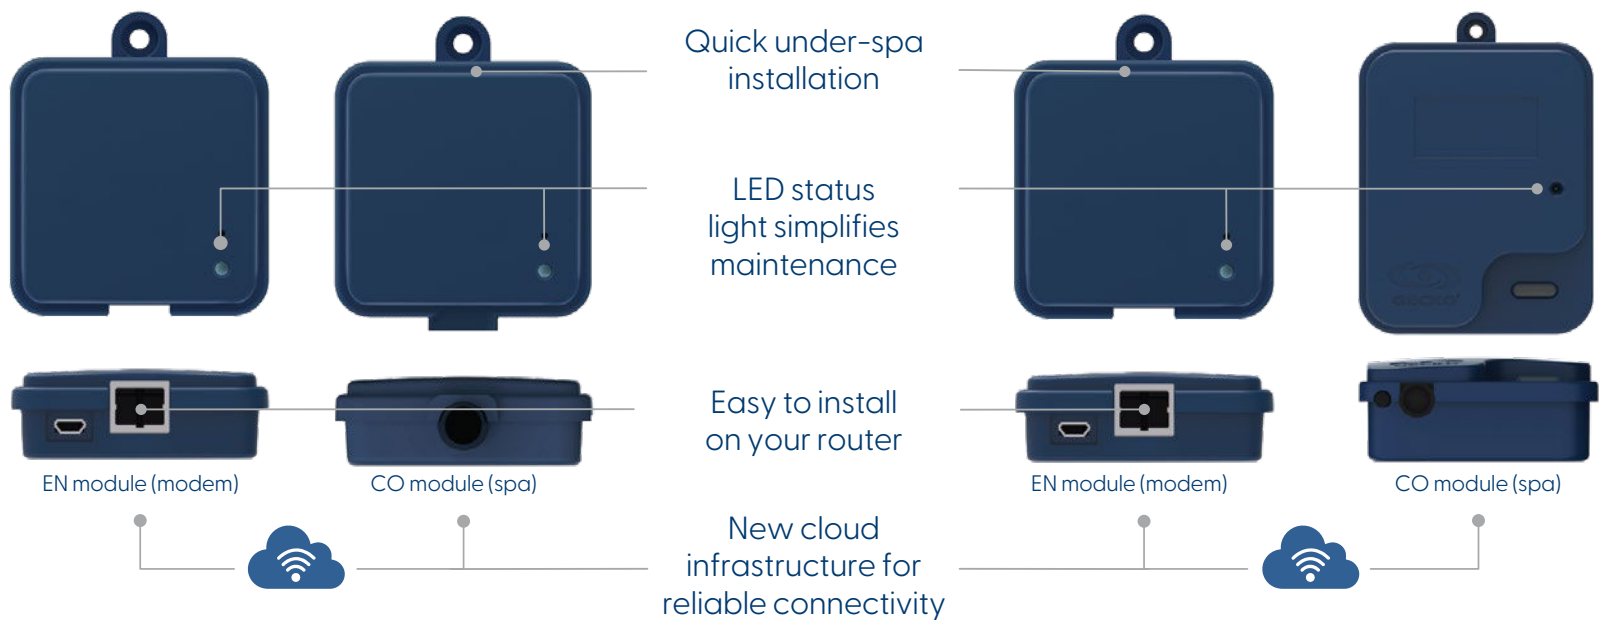

Reliable connectivity

Proven radio frequency (RF) communication between both modules allows for a strong, stable and long-range signal between spa and router.
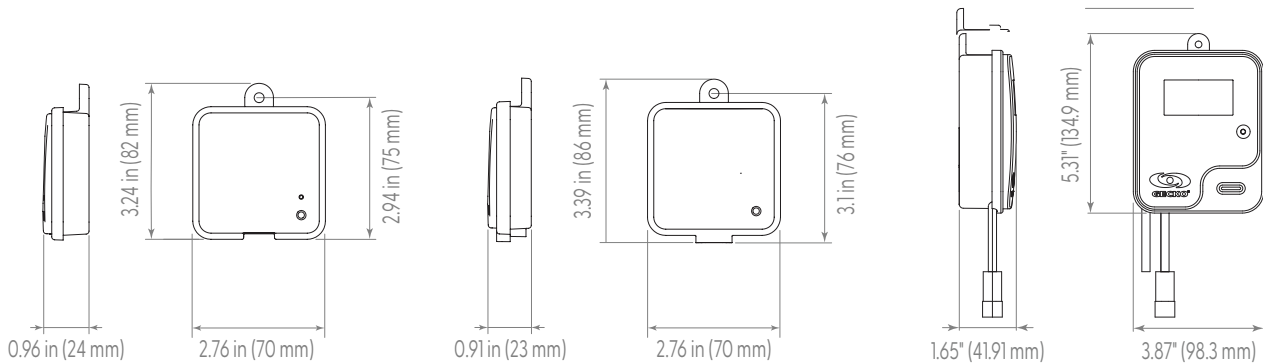

GECKO®

Features & benefits

in.touch 3
