Analytics at Hydro

Holger Lämmel

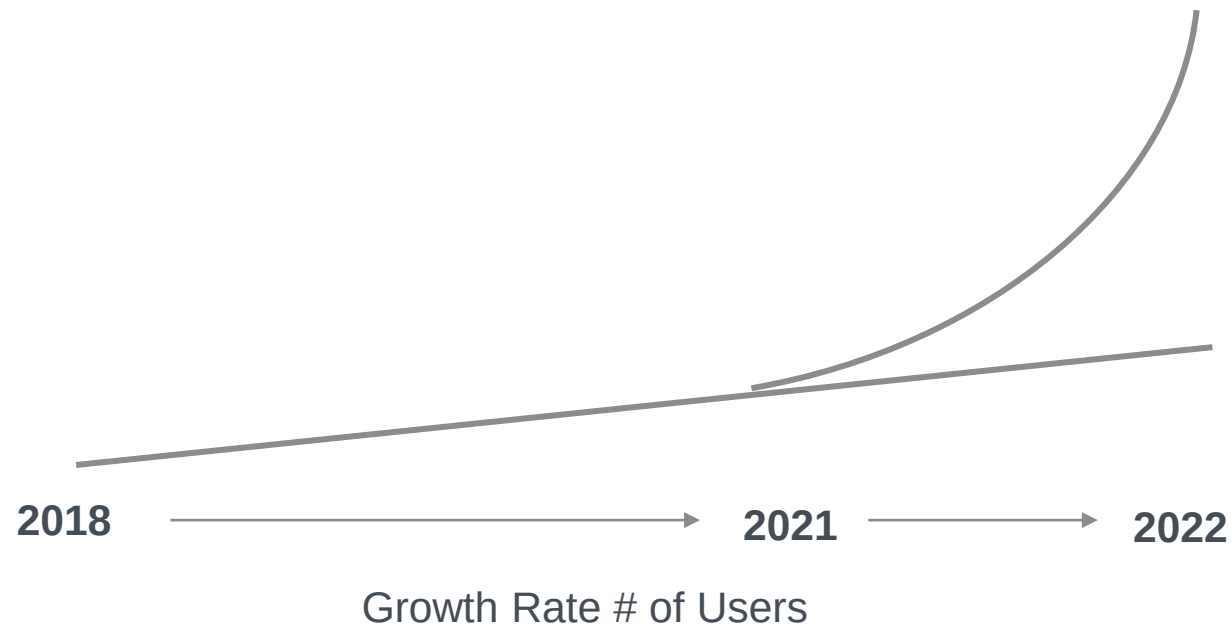

Situation - Hydro

Slow growth rate in the past

**Target in 2022
to increase # of
Monthly Active Users**

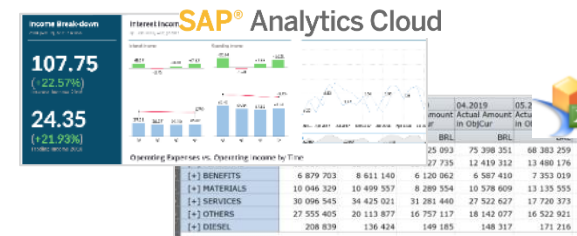

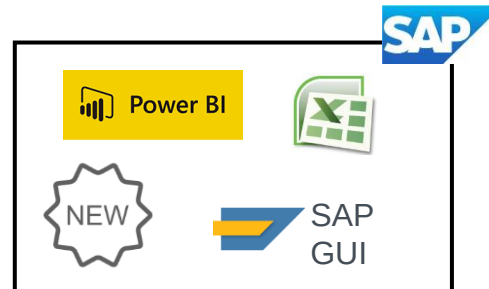

Available solutions that are not used enough
-> focus not on backend but on frontend

Increase Frontend Knowledge
-> SAP Team & Business
-> technical and non-technical

Using Standards, Best-Practice, Methodology
-> SAP Team & Business
-> technical and non-technical

Focus and Capacity
-> Goal of Team, hiring Frontend Consultants

Where do you stand and what are your priorities for 2022?

Power User Community

Self-Service vs central IT

Training

Data Driven Company

Guidelines and Standards

Change Management and Adoption

Should we organize a more frequent knowledge exchange?
