# The Application Lifecycle Management Product Portfolio of SAP

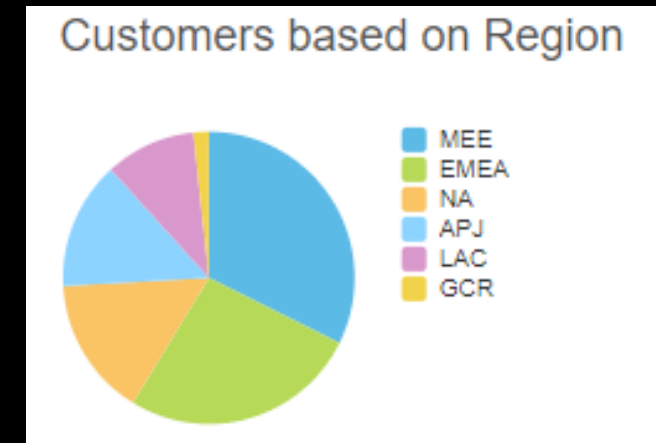

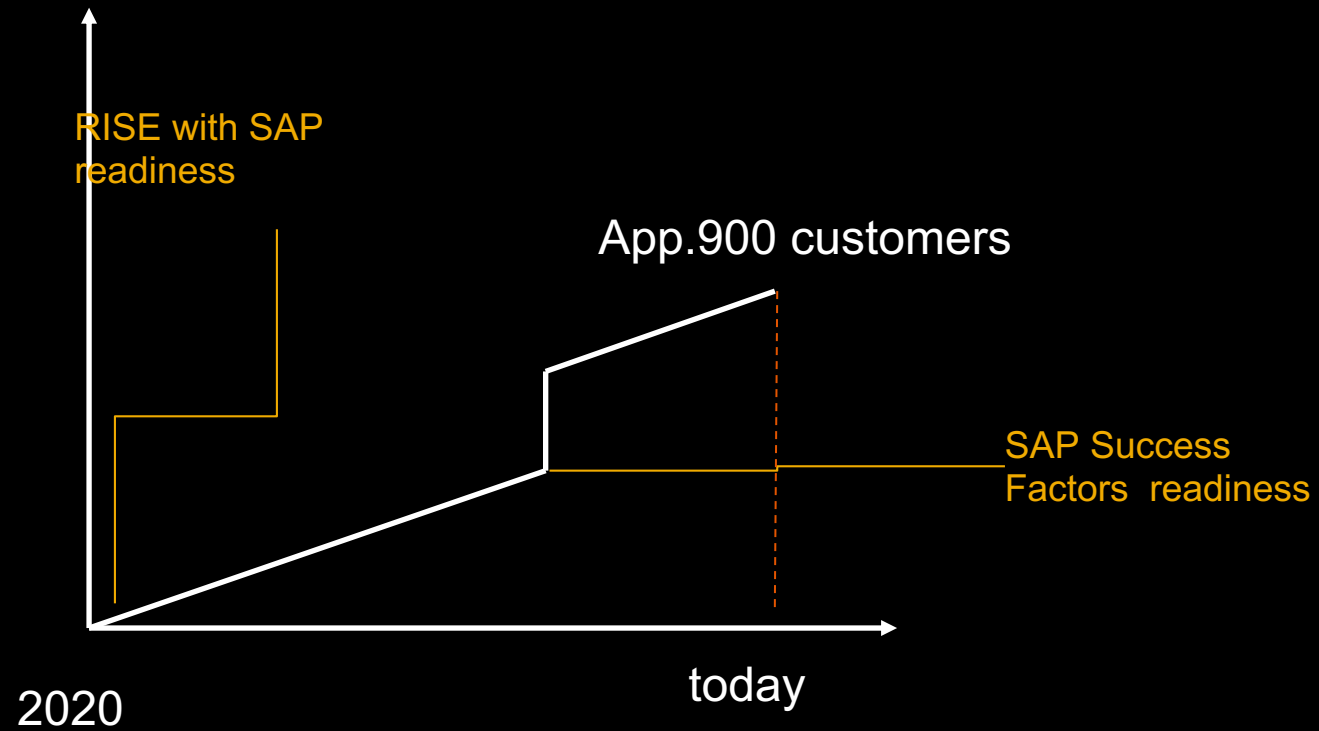

or

?

# SAP Cloud ALM customers - current

# Demo of CALM

## Track Progress with Built-In Reporting

# SAP S/4HANA: the right fit for every organization

ONE Data Model • ONE Semantic • ONE User Experience

As a Service

As a Product

## SAP S/4HANA Cloud

Complete, modern, SaaS ERP

Our strategic choice for **new implementation and predefined processes**

## SAP S/4HANA Cloud, private edition

Cloud value, traditional flexibility & full scope

Designed to provide innovation and cloud value while allowing customers to retain their investments by **converting their existing system(s)**

## SAP S/4HANA on premise

Total control and individualization

Innovative, intelligent ERP for customers that require **maximum control of their ERP system**

with existing  
IaaS partnerships

in own  
data centers

Public cloud

Private cloud

Private cloud

On premise

# Recommendations for customers moving to the cloud

Service providers can monitor the customer landscapes centrally with SAP Focused Run

# ALM for SAP S/4HANA Cloud

## SAP Cloud ALM or SAP Solution Manager?

What is your solution landscape?

What is your IT strategy?

Which implementation capabilities do you need?

What are the ALM cost?

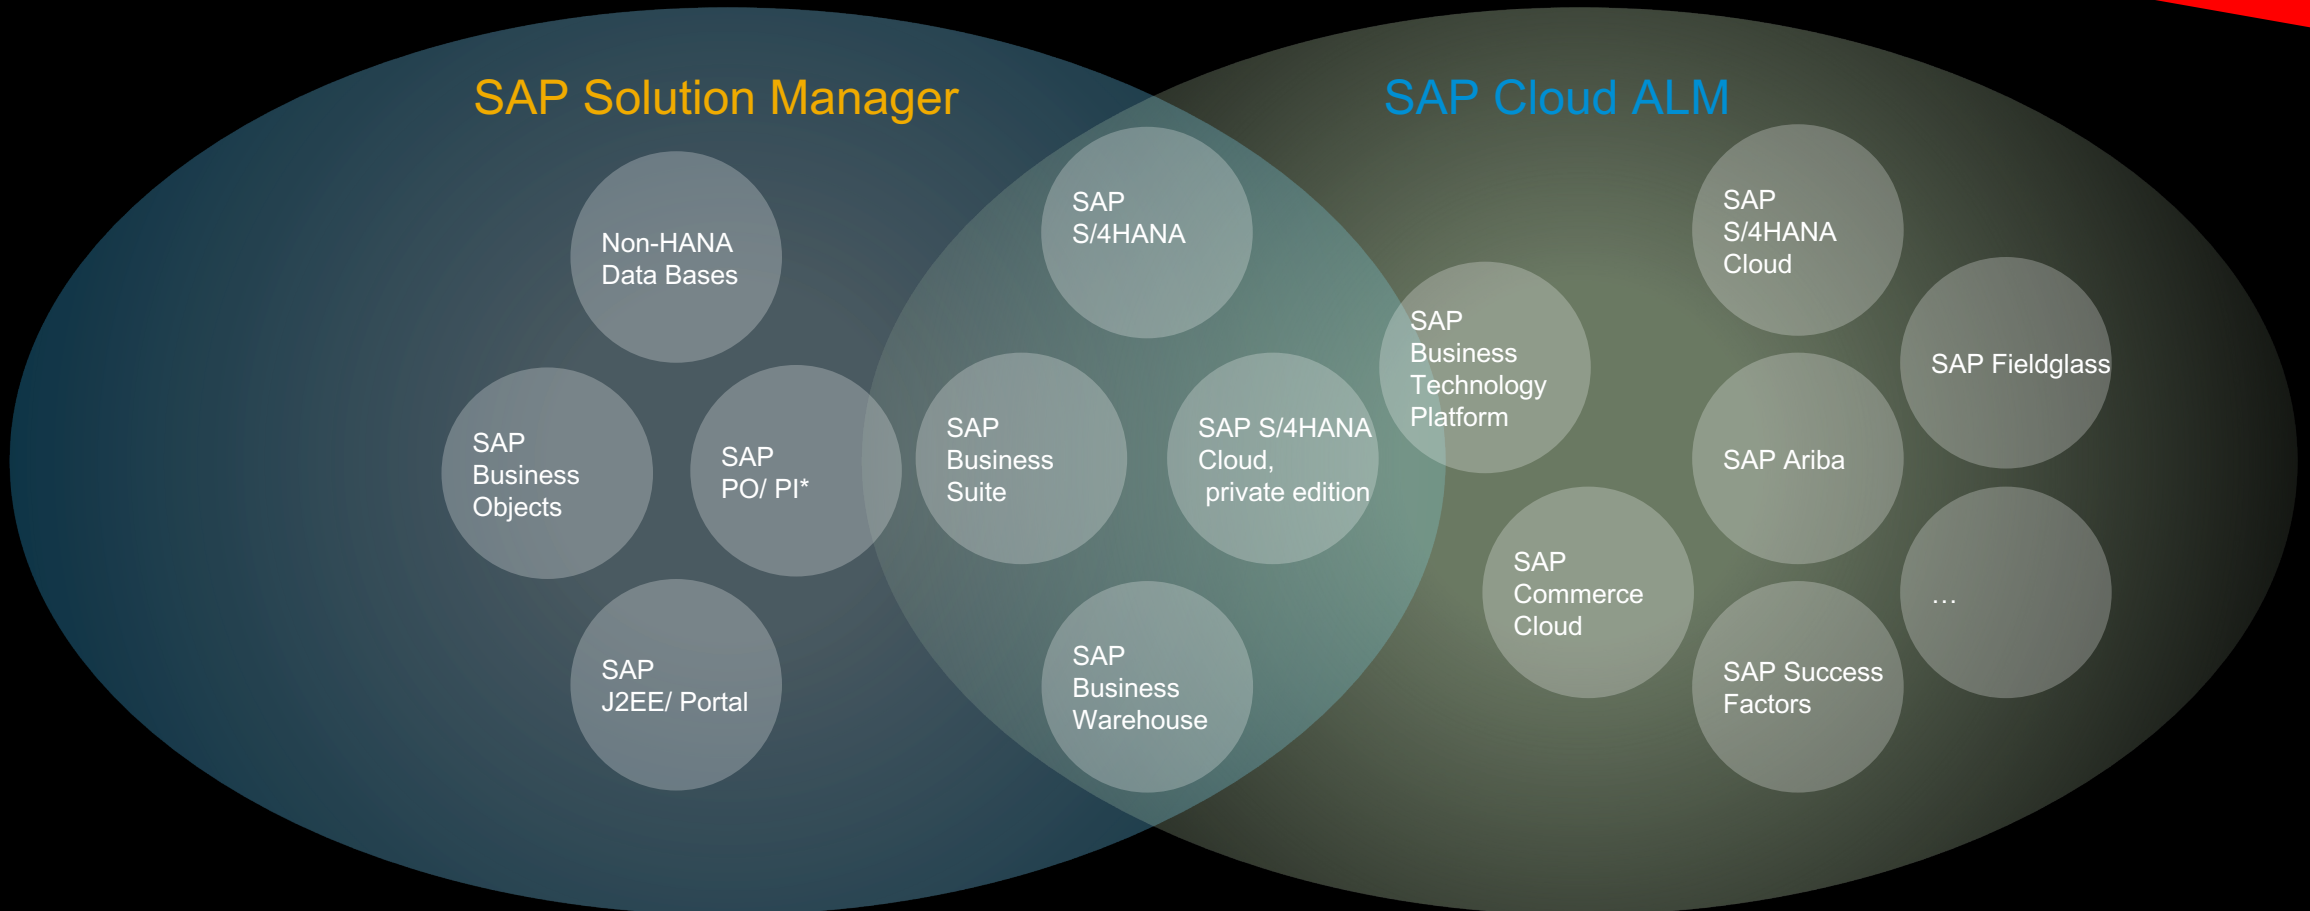

What is your timeline?

# What is your solution landscape?

Recommended ALM Solution per Landscape  
Based on Content Availability

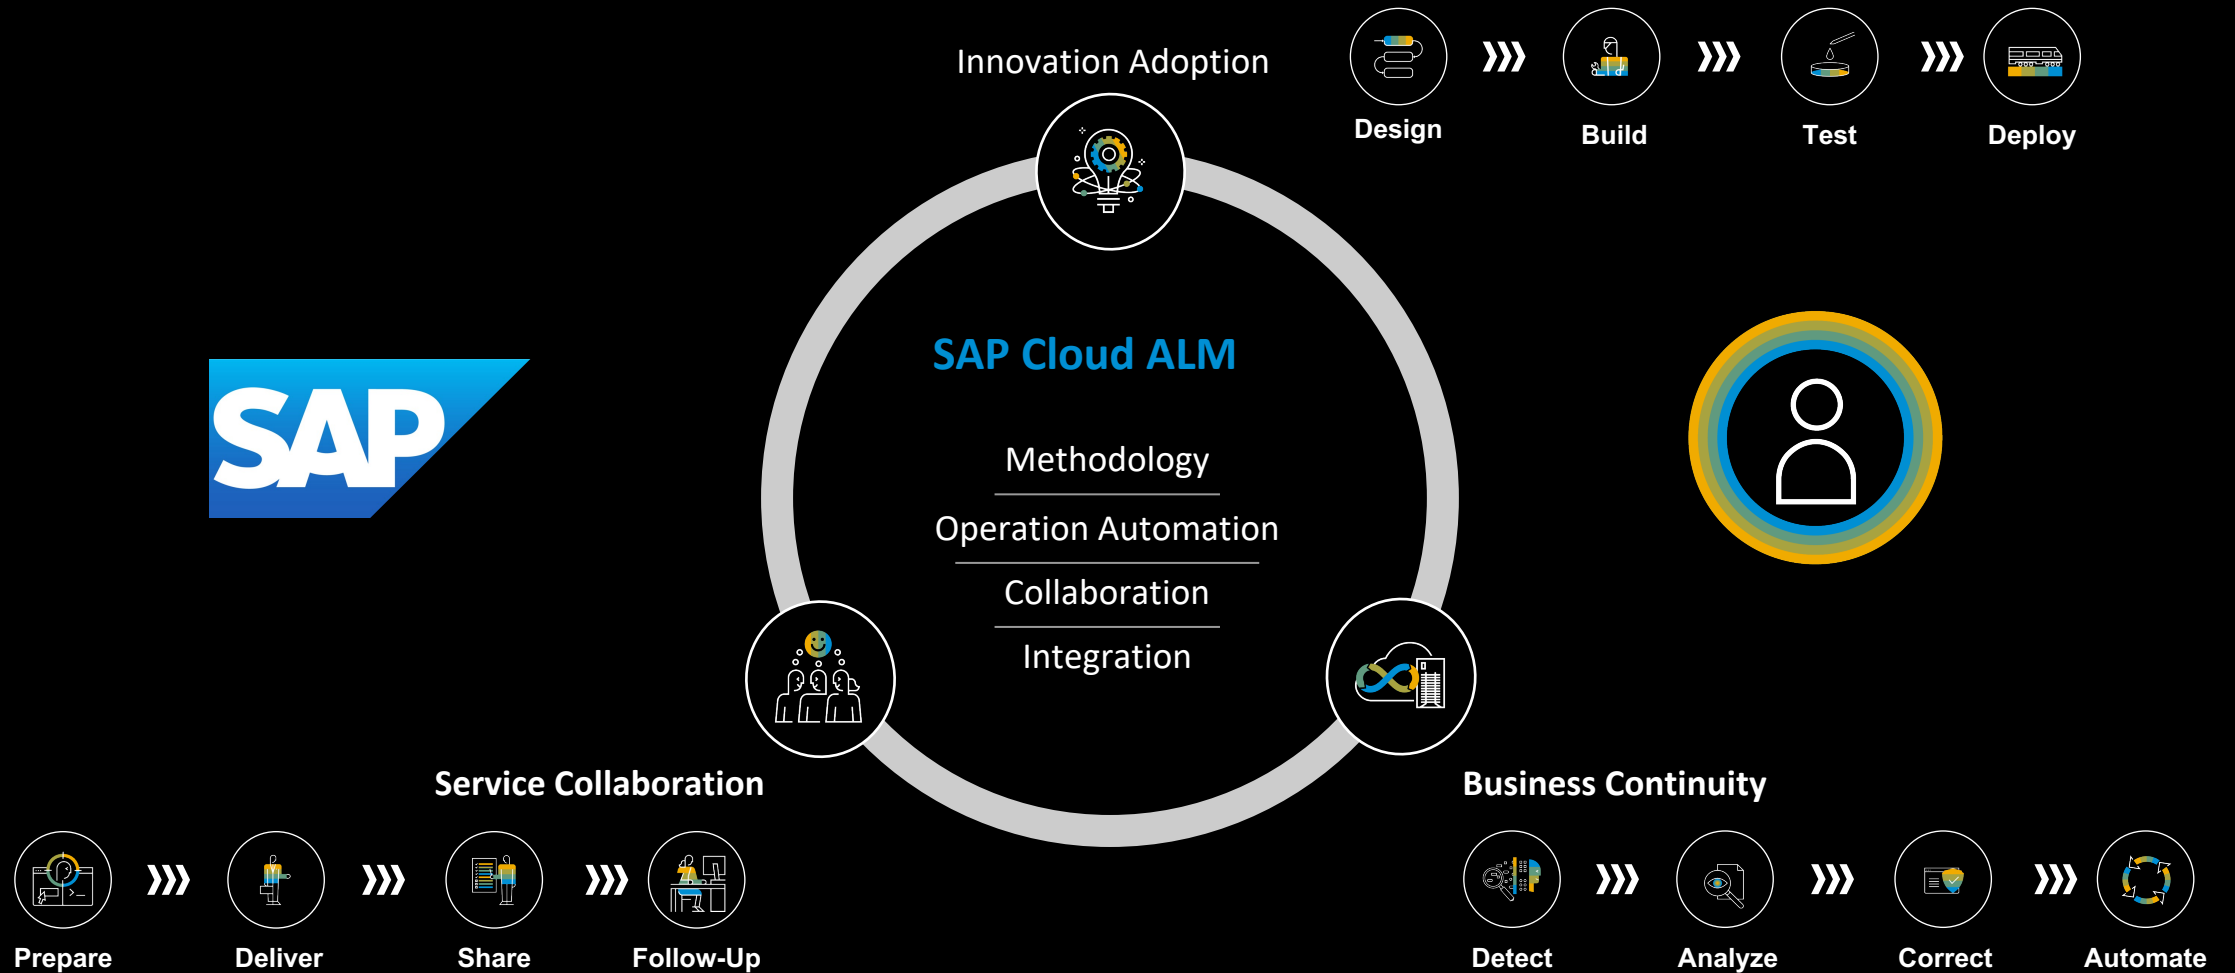

Status:  
September 2022

\*) Not yet integrated in Integration Monitoring of SAP Cloud ALM.

This is the current state and may be adjusted depending on customer feedback if viable without agents.

# SAP Cloud ALM – What's in the bag?

# SAP Solution Manager

## How do you use SAP Solution Manager today?

For implementation:

- Design
- Build
- Test
- Deploy

For operations:

- Detect
- Analyze
- Correct
- Automate

# Which implementation capabilities do you need?

Standard implementation  
process

Fit-to-Standard

Individual implementation  
processes & workflows

Fit-to-Gap

# How to get SAP Cloud ALM and required Information

## Entitlement Notification

All customers with SAP Cloud subscriptions are notified automatically that they are entitled to get SAP Cloud ALM

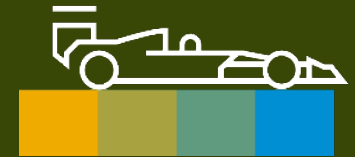

## Start Request Application

Customers SAP Support Launchpad Admins are automatically authorized to launch the SAP Cloud ALM request application

## Provide & Read Information

Provide minimal input and the SAP Cloud ALM tenant is available within an hour  
Review Product Information:  
<https://support.sap.com/en/alm/sap-cloud-alm>

## Onboarding

Invite SAP Cloud ALM Users

*This is the current state of planning and may be changed by SAP at any time.*
